

From Our Big Brothers Big Sisters Family to Yours

Enroll your child in the Big Brothers Big Sisters mentoring program at Greenfield! We are now recruiting for the 2023-2024 school year

Who We Are

- Big Brothers Big Sisters Independence (BBBSI) provides students with one-to-one mentoring relationships with adults from the community, right in your child's school. When they meet, Bigs and Littles read together, play sports and games, work on homework, or simply talk about things that are happening in their lives. During the 2023-2024 school year, meetings will occur in-person during your child's recess or lunchtime at school. Bigs will be required to follow the COVID-19 safety protocols set forth by the school when visiting.

What to Expect

- We will interview your child in-school in order to find them the best possible mentor ("Big"). We will ask your child about their friends, family, and why they want a Big.
- Matching your child to a mentor could take place any time between the months of **October – March** and will be based on the availability of volunteer mentors.
- Once your child is matched, they will meet with their Big at Greenfield once a week at a scheduled time.
- Children and their Bigs are only permitted to meet in-person at Greenfield but are encouraged to keep in touch outside of school on the phone, through email, through video chat, or text messaging, if you approve.
- The role of a Big is to be an additional friend and a positive role model – someone your child can talk to and have fun with.
- A Program Coordinator from Big Brothers Big Sisters will be checking in with your child on a regular basis at school and on the phone to ensure that he/she is developing a safe and healthy relationship with their Big. In addition, each parent/guardian will be contacted throughout the year.
- We encourage you to talk to your child about their relationship with their Big. Ask them what they do together and how they feel about their Big.
- BBBSI does not discriminate on the basis of race, color, sex, sexual orientation, gender identity, religion, national or ethnic origin, age, disability, veteran status or any other legally protected factor.
- Match Closure is another way of saying that the match has ended. While Match Closure is a natural part of the relationship, we hope that each match is together for at least a whole school year. Various circumstances will impact a match staying together and we encourage parents to help support Littles during relationship transitions.

Volunteers for the program, which we call "Bigs," are College students from the University of Pennsylvania. Just like the children in our program, we interview all of our volunteers.

As the leading volunteer and donor-supported one-to-one youth mentoring organization, we make the success of each mentoring match our top priority!
