

Dear Parents,

My name is Fátima, and I am a Spanish instructor with over 12 years of experience teaching Spanish immersion programs. I am excited to offer engaging and interactive after-school online Spanish classes for students of all levels.

Why Online Spanish Classes?

In today's interconnected world, learning a second language is more valuable than ever. My online classes offer a flexible and convenient way for your child to acquire new language skills from the comfort of their own home. The curriculum is designed to be fun and effective, helping students build a strong foundation in Spanish through:

- **Interactive Lessons:** We use a mix of games, songs, and storytelling to keep students engaged.
- **Conversational Practice:** The focus is on practical, everyday communication, so students feel confident speaking Spanish.
- **Small Class Sizes:** This ensures each student receives personalized attention and has plenty of opportunities to participate.
